Reunion
Classes of 1945-1949
October 4-5, 2007

Co-Chairs:
Helen M. Ebert ’46
Seda Kuyumjian Tarzian ’48
Greetings

Dear Classmates,

We are excited for the opportunity to invite you to the Classes of 1945-1949 Reunion, for College of Liberal Arts alumni who majored in the sciences, including biology, chemistry, geology, mathematics, pre-medicine, and physics. A full schedule of events is planned, including lots of time for us to sit and catch up. We look forward to getting back in touch with those of you whom we may not have seen for many years, and rekindling our connection with Temple University.

The event will also include a tribute to Hazel Tomlinson, the beloved chemistry professor who spent 52 years at Temple-six as a student, 41 as a professor and five as assistant dean of the College of Liberal Arts. We look forward to sharing fond memories of this wonderful teacher.

Though we have invited everyone for whom we have current contact information, addresses are not available for some of our classmates. Please review the enclosed list, and, if you know how to get in touch with anyone who we have overlooked, please include his or her name and contact information on your response form. We look forward to seeing you in October!

Sincerely,

Helen M. Ebert, CST ’46
Seda Kuyumjian Tarzian, CST ’48
